Codemaster⁺

Straightforward transmitter management for SOMloq2-compatible garage door operators

#S11489-00001

It has never been easier to manage underground garages etc. The transmitters are conveniently organised and managed from the office, via the browser. No special software installation required; everything you need is integrated into the device itself.
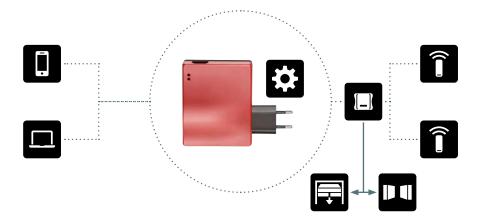

Advantages

- Transmitters are managed and organised in the office or on-site where required.
- Additional handheld transmitters for managed buildings can only be obtained via the firm operating the transmitter management.
- Complete control and protection against unauthorised access, as non-approved transmitters cannot be programmed. When the Memo is created, the Codemaster⁺ reserves all free memory positions.
- If it becomes necessary to replace a lightning strike, the data saved in the Codemaster⁺ can simply be transferred to a new Memo. There is no need to reprogramme the handheld transmitters.
- A convenient function that allows remotely without having to replace the Memo or call out a technician. [1]

Easy handling

- A new object is created via the web interface.
- The Memo of the operator or radio receiver is plugged into the Codemaster⁺.
- Transmitters are added
- Data are transferred to the Memo.
- The Memo is unplugged and connected to the operator.

1) Only possible with the following transmitters: Pearl Vibe, Pearl Status, Slider Vibe and SOMtouch.

SOMMER

Technology

- Integrated WiFi module
- Integrated web server
- Universal for smartphone, tablet or PC
- No saving of data on external servers
- No on-site Internet connection required! A direct WiFi connection is established between smartphone, tablet or PC and the Codemaster⁺.

Compatibility

Transmitter management for SOMloq2-compatible garage door slot. To find out whether your operator is compatible with the Codemaster⁺, see www.som4.me/sv. Further operator types and radio receivers to follow.

SOMMER Suite

With the SOMMER Suite for Windows, you can update the Codemaster⁺ firmware or create backup copies of your data.

You can find the latest version of the SOMMER Suite in the download area of www.sommer.eu.
