

Global Solar Kits are manufactured from the highest quality components to provide optimal performance. All our kits are rigorously tested under all conditions to ensure they meet our high standards.

### Standard 24V Kits available

- 60W 9Amp
- 120W 9Amp | 120W 15Amp | 120W 25Amp (As pictured)
- 160W 40Amp

### OPTIONAL

### 24V Solar Kits include

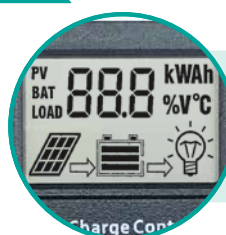

- 2 x 12V high efficiency solar panels
- 2 x Deep Cycle AGM batteries
- 1 x High efficiency regulator
- 1 x Ventilated plastic or metal enclosure (depending on kit chosen)
- Wiring harness with fuse protection
- 2m of connecting cable

2x 12V deep cycle AGM batteries

### High Efficiency Solar Regulator

- 3 Stage PWM charging is used to extend the batteries service life
- Inbuilt overcharge, over-discharge, overload protection, as well as and short circuit recovery
- Charges batteries rapidly when batteries are low

High Efficiency Solar Regulator

Fully customised kits available for any application
